BIKE CATALOG

PROTECTION FOR EVERY BODY.™

Nothing in competition comes free. » Every time you saddle up, you're hanging it out there. » Lay it on the line with G-Form, products for the 21st century. » Our innovative Reactive Protection Technology™ (RPT™) transforms on impact from a soft, malleable and comfortable material into impact-absorbing armor, dissipating nearly all of the energy from the blow. After impact, it instantaneously returns to its soft, flexible state, so you can return your focus to the trail or the bike park.

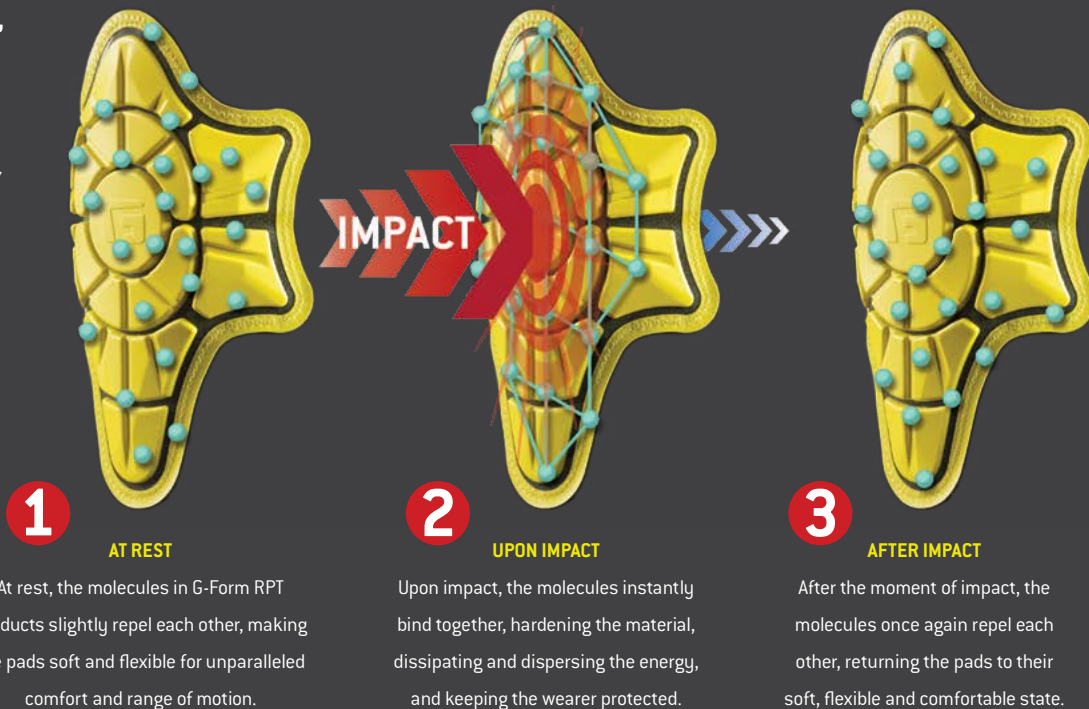

BRIAN LOPES

G-Form Team Rider

HOW IT WORKS

G-FORM REACTIVE PROTECTION TECHNOLOGY (RPT™) USES PROPRIETARY, PATENTED TECHNOLOGY AND DESIGNS TO PROVIDE THE BEST COMBINATION OF IMPACT PROTECTION, COMFORT AND FIT OF ANY HIGH-PERFORMANCE PROTECTIVE GEAR, ANYWHERE. SOFT AND FLEXIBLE UNTIL THE MOMENT OF IMPACT, YOU'LL ONLY NOTICE YOU'RE WEARING IT WHEN YOU NEED IT.

RPT™
REACTIVE
PROTECTION
TECHNOLOGY

ARTICULATED DESIGN

Flexible at key locations, G-Form products ensure total freedom of movement during your ride.

KEY COVERAGE

Our body-mapped designs cover vulnerable areas to ensure impact protection where it's needed most.

LOW PROFILE

Sleek and streamlined, G-Form bike products provide a close fit for comfort and easy athletic movement.

DURABLE CONSTRUCTION

Built from high-end materials, our pads withstand high-level athletic activity ride after ride.

MAXIMUM COMFORT & COMPRESSION FIT

The close, supportive fit provides maximum comfort and support for muscles and joints.

WHAT YOU

DON'T SEE

Protection that augments
athletic performance

Men's Pro-X Shirt

Pro-X ElbowPads

Men's Pro-B Shorts

Pro-X Knee Pads

A full-page background image showing two mountain bikers standing on the peak of a large, light-brown rock formation. The biker on the left is wearing an orange shirt and is next to a green mountain bike. The biker on the right is wearing a yellow shirt. The sky is a clear, bright blue. A large yellow rectangular box is overlaid on the lower half of the image, containing the product name and description.

CONNOR FIELDS

2016 OLYMPIC GOLD MEDALIST

A man and a woman are shown from the chest up, wearing black protective base layers with yellow-green accents. They are inside a vehicle, possibly a truck or bus, with a window in the background. A black helmet and an orange jacket are visible on a shelf behind them. The woman is smiling and looking towards the man, who is looking down. A large yellow rectangular box is overlaid on the center of the image, containing the text.

ENJOY THE RIDE

Whether it's mountain or BMX, whether it's exploring a new backcountry trail or finally sticking a new trick, the reason we ride is for the feeling of adventure, the feeling of pushing past where we've been before. G-Form protective apparel and sleeves help keep you safe and comfortable on your adventures, whatever form they take, and wherever they may take you.

G-Form. Protection for every body.
