

+ For Backcountry Professionals +

The background of the image is a photograph of a snowy mountain range under a cloudy sky. The snow is white and the sky is a pale blue-grey. In the center of the image is a white rectangular box containing text.

Fimbulvetr is old Norse for
The Great Winter - the three
consecutive winters preceding the
end of the world.

We are committed to satisfy the
needs of the most demanding
professionals and winter enthusiasts.
At Fimbulvetr we consequently go for
the highest quality materials, design
and craftsmanship, to provide superior
mobility during winter.

HIKR - GO STEEPER

The extreme cold robustness, smooth ergonomics and progressive attitude of HIKR, turn any snowy backyard into a winter wonderland. With integrated, adjustable heel lifts and an asymmetric design, that squeezes a traditional 28" performance down to just 24", HIKR provides clear advantages - moving fast and effortlessly in all directions.

Length: 60 cm/24 in
Width: 25 cm/10 in
Area: 1380 cm²/214in²
Weight: 2146 g/pair

HIKR

RANGR - MAXIMUM FLOATATION

Designed to support heavy loads in the backcountry. The large, but compact bearing surface, gives an unparalleled ratio between strength, low weight and maneuverability. Rangr is the original Fimbulvetr snowshoe, for maximum floatation and grip in all snow conditions. An excellent tool for making first tracks in flat and hilly terrain.

Length: 71 cm/28 in
Width: 28 cm/11 in
Area: 1702 cm²/264 in²
Weight: 2216 g/4.14 lbs

RANGR

TECHNOLOGY

ALL DIRECTION HINGE™

Drastically improved traction and support in all directions.
Patent: US 9 107 469.

HEAVY DUTY

No permanent mechanical fixtures. Maximum load capacity.

COLD WEATHER OPERATION

Stress tested in -40C/F with more than 1 000 000 cycles.

COMPONENTS

Renewable source plastic.
Stainless steel.
100% recyclable

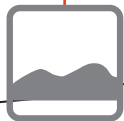

ASYMMETRIC DESIGN

Just like your feet. Enables natural stance and unconstrained movement

RANGR

Speciality: Deep powder
Terrain: Rolling
Recommended load: <140 kg/300 lbs

HIKR

Speciality: Steep inclines
Terrain: All mountain
Recommended load: <110 kg/240 lbs

Made in Norway
